### **Landscaping**

White Rock Lake can no longer hire a landscaping company to maintain the property. We are hoping that residents can help during the spring and summer seasons to keep our grounds clean and tidy. If you are able to help mow, clip, or clean the property, please contact our Property Director, Ed Tango, at 973-722-7724. We welcome any amount of time and any kind of help!

### **Keep the lake and grounds clean!**

Please! Please! Please! **Do not throw any garbage in the lake.** It increases the algae growth in the lake. This means more money to clean it up! **Do not throw any garbage on the property.** People volunteer their own time to keep the property clean!
